

Dear Friends,

"Trust Yourself; create the kind of self that you will be happy to live with all your life. Make the most of yourself by fanning the tiny inner sparks of possibility into fumes of achievement".

Above words of wisdom are bending to the situation of uncertainty in view of CORONA PANDEMIC all over the world. The developed countries like Italy, France, Germany, UK & USA are worst affected. The number of cases is mounting day by day; there is no flattening of disease curve.

It is herculean task of improving scientific material by the editor Dr. Shalini Mohan, Kudos to her sincere efforts. I congratulate her for upcoming issue of UPJO.

There is no friend as loyal as a book. Literacy is a bridge from misery to hope. No one will forget this dark period, but adversay might also help us by its leading us to discover new appraoches.

Wishing you all great scientific treatise and great reading experience. Be Positive.
