

## PRESIDENT'S MESSAGE

Dear Prof. Shalini Mohan

Under your dynamic leadership the UPJO has evolved to newer heights. As president of the society NOS(UPSOS) I feel privileged to have a person like you in the team.

UP journal of ophthalmology is an attempt to reflect the academic pursuit of the State. With 7 Govt. medical colleges, 2 central institutes and more than 50 Private medical colleges UP state can "boast of" it's robust academic profile.

I sincerely hope that in your able leadership this journal would continue to grow to further heights.

I sincerely wish that the UPJO should become the most "sought for" Journal by the peer group of ophthalmologists.

With best wishes and compliments

**Dr. Malay Chaturvedi**

President 2024-25
